Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

Summary

The National Survey on Drug Use and Health (NSDUH) series (formerly titled National Household Survey on Drug Abuse) primarily measures the prevalence and correlates of drug use in the United States. The surveys are designed to provide quarterly, as well as annual, estimates. Information is provided on the use of illicit drugs, alcohol, and tobacco among members of United States households aged 12 and older. Questions included age at first use as well as lifetime, annual, and past-month usage for the following drug classes: marijuana, cocaine (and crack), hallucinogens, heroin, inhalants, alcohol, tobacco, and nonmedical use of prescription drugs, including pain relievers, tranquilizers, stimulants, and sedatives. The survey covered substance abuse treatment history and perceived need for treatment, and included questions from the Diagnostic and Statistical Manual (DSM) of Mental Disorders that allow diagnostic criteria to be applied. The survey included questions concerning treatment for both substance abuse and mental health-related disorders. Respondents were also asked about personal and family income sources and amounts, health care access and coverage, illegal activities and arrest record, problems resulting from the use of drugs, and needle-sharing. Questions introduced in previous administrations were retained in the 2010 survey, including questions asked only of respondents aged 12 to 17. These "youth experiences" items covered a variety of topics, such as neighborhood environment, illegal activities, drug use by friends, social support, extracurricular activities, exposure to substance abuse prevention and education programs, and perceived adult attitudes toward drug use and activities such as school work. Several measures focused on prevention-related themes in this section. Also retained were questions on mental health and access to care, perceived risk of using drugs, perceived availability of drugs, driving and personal behavior, and cigar smoking. Questions on the tobacco brand used most often were introduced with the 1999 survey. For the 2008 survey, Adult mental health questions were added to measure symptoms of psychological distress in the worst period of distress that a person experienced in the past 30 days and suicidal ideation. In 2008, a split-sample design also was included to administer separate sets of questions (WHODAS vs. SDS) to assess impairment due to mental health problems. Beginning with the 2009 NSDUH, however, all of the adults in the sample received only the WHODAS questions. Background information includes gender, race, age, ethnicity, marital status, educational level, job status, veteran status, and current household composition.

Universe

The civilian, non-institutionalized population of the United States aged 12 and older, including residents of non-institutional group quarters such as college dormitories, group homes, shelters, rooming houses, and civilians dwelling on military installations.

2010 NATIONAL SURVEY ON DRUG USE AND HEALTH SCREENING APPLICATION UPDATES

The following updates have been made to the 2010 NSDUH Screening Application:

- Removed the last two roster questions about participation eligibility [Ineligible for Quarter and Another Eligible Member].
- Study Introduction and Identify SR Help Screens- Updated the OMB number and expiration date.
- Darkened the “?” on some screens to make it clear that those screens had no additional Help screen available. The screens affected are: Password, Address Verification, Informed Consent, Gender, Military, and Other Members.
- If Husband, Wife, Son, Daughter, Brother or Sister are selected on the Relation screen, the Gender screen is skipped since it is pre-filled for these relationships. FIs will next be taken to the Hispanic screen.
- Updated the Verify Roster screen so that the table grid only shows the columns for Relation, Screening Respondent and Age. Tapping a roster line will show all columns of the grid.
- For households with only one roster member, updated the Verify Roster screen with different instructions that tell the FI not to read anything to the respondent, but to tap the continue to proceed. For two or more member rosters, the Verify Roster screen instructions were updated to make it clear FIs should only read ages and relationships.
- The Respondent Selection Screen has been updated to remove the “Mode: NSDUH Interview” indication for each selected respondent.

2010 NSDUH Screening Application Specifications

Section 1

HU Screening

Document Format:

- Screen names bolded
- Screen/question/instructional text designated by black and non-italicized text in parenthesis
(Upper-lower black text to be read, upper case text is instructions to FI)
- Fills designated by parenthesis and italics
- Logic designated by brackets
- Text of instructional message boxes provided in bracketed logic
- Response categories underlined

The line number and address are located at the top of each screen. Tap the address to see DU ADDRESS box, an enlarged display of the line number and address. If a case is an Added DU, the DU ADDRESS box displays the link line number.

RESETS, **TODAY**]

UTILITIES [ON SELECT CASE SCREEN TAP ADMIN, UTILITIES]

DATABASE UTILITIES

USE WITH CAUTION. IF YOU ARE UNSURE ABOUT HOW TO USE THIS APPLICATION, PLEASE CONTACT YOUR FIELD SUPERVISOR OR THE TECHNICAL SUPPORT GROUP.

REMOVE COMPLETED CASES: This function will remove all cases that have been screened, and for which final interview codes have been entered for all selected respondents.

This function allows the FI to refresh his/her case list by removing all cases on iPAQ that have been completed, have complete Access Data entered, and all final data successfully transmitted to RTI. FI obtains FS approval before using this function.

REMOVE ALL CASES: USE WITH EXTREME CAUTION!!! This function will remove ALL cases, and their associated data from your handheld device. This function should only be used as directed by your field supervisor and RTI.

This function prepares the iPAQ to receive the next quarter's cases by removing all current final/transmitted cases from the iPAQ, then allowing the iPAQ to pick up the next quarter's cases upon a subsequent transmission. This function was moved to the CMS, but this feature to initiate the process was left on the iPAQ as a troubleshooting option.

Commit [IF SELECT REMOVE COMPLETED CASES AND COMMIT, **REMOVE COMPLETED CASES:** “THIS WILL REMOVE ALL CASES THAT HAVE BEEN COMPLETED AND TRANSMITTED TO RTI. DO YOU WANT TO PROCEED?” IF No, **DATABASE UTILITIES**. IF Yes, **ARE YOU SURE?:** “ARE YOU SURE YOU WANT TO REMOVE YOUR COMPLETED CASES? IF No, **DATABASE UTILITIES**. IF Yes, **PLEASE BE PATIENT:** “THIS MAY TAKE A FEW MINUTES. IF YOU CURRENTLY HAVE LOTS OF CASES ON YOUR HANDHELD DEVICE, IT WILL TAKE LONGER. PLEASE BE PATIENT.” **OK, COMPLETED CASES REMOVED:** “ALL COMPLETED CASES THAT HAVE BEEN TRANSMITTED TO RTI HAVE BEEN REMOVED.” **OK DATABASE UTILITIES.**]]

The screenshot shows a mobile application interface. At the top, it says "NSDUH Screener - Password". Below that, the date "Tuesday, August 17, 2010" is displayed. A large blue rectangular box contains the word "Appointments" in white, followed by a blue "ok" button. To the left of this box, the word "PLEA" is written in red. Inside the box, there is a message: "THERE ARE SCHEDULED APPOINTMENTS TODAY. PLEASE CHECK THE CALENDAR." To the right of the box, the word "LOW" is partially visible in red. In the bottom right corner of the box, there is a small black arrow pointing right. At the very bottom of the screen, there is a virtual keyboard and a navigation bar with icons for back, forward, and exit.

A screenshot of a Windows application window titled "Select Case". Inside, a modal dialog box is displayed with the title "Quit - Are You Sure?". The dialog contains a yellow warning icon with an exclamation mark and the text "ARE YOU SURE YOU WANT TO CLOSE THIS PROGRAM?". Below the dialog are two buttons: "Yes" and "No". The background of the application shows a list of addresses in a table format.
